

# One Row One Colour Scarf

(picture shows scarf still on needle will replace picture when it's finished)

DK yarn and 4mm circular needle. Size approx 65" long

Cast on 300 sts. and knit across row leaving about 4" at each end to make the tassel. Change colour and repeat, 1 row 1 colour.

Loosely cast off when scarf is as wide as you want it. Knot 3 or 4 ends together to secure ends and make tassels.

To make a blanket, cast on sufficient stitches for the width you want and again knit as many rows until it is the length you want
