

TRAUMA TED BAG

This one is about A4 in size. It can be two separate rectangles or simply place one of the shorter sides to the fold (the bottom). Add any decoration before starting to sew.

With right sides together stitch the side seams, stopping about 5cm from the top. Turn in a small hem then turn down 3cm to form a casing for the cord or ribbon. Stitch close to the edge and then again around 1cm, depending on the thickness of your cord, from your first row. Using a safety pin thread the cord twice through the casing and knot.
